

Zimányi School 2021

Thursday 9 December 2021

Heavy Flavors - 7.22 Kari Tanácsterem (7th floor Council Room) (17:15 - 19:10)

time	[id] title	presenter
17:15	[81] Inclusive and heavy-flavor jet substructure measurements with ALICE	VERTESI, Robert
17:40	[82] Production of heavy-flavoured mesons and jets in dependence on Underlying Event activity	GYULAI, Laszlo
17:58	[83] Event-activity-dependent production of charmed baryons at LHC energies	VARGA, Zoltan VARGA, Zoltán
18:16	[84] Enhanced production of charmed Lambda_c, Sigma_c and Xi_c baryons in simulations	MISAK, Anett
18:34	[85] Heavy-flavour measurements with the ALICE experiment	FRAJNA, Eszter
18:52	[86] Heavy-flavour hadron production as a function of charged-particle multiplicity measured by ALICE	MDHLULI, Joy MDHLULI, Joyful Elma
