

8th International symposium on Negative Ions, Beams and Sources - NIBS'22

Wednesday 5 October 2022

Oral session 7 - Auditorium (08:30 - 10:20)

time	[id] title	presenter
08:30	[49] Source Performance Optimization in Cesium Mode in ROBIN	PANDYA, Kaushal
09:00	[72] Plasma emission monitored via optical emission spectroscopy during the Cs conditioning at SPIDER	MARIO, Isabella
09:20	[82] Experimental results of the SPIDER negative ion accelerator in view of the next operations	SARTORI, emanuele
09:50	[73] Progress in the development of negative ion beam source in Korea	PARK, Min
