

8th International symposium on Negative Ions, Beams and Sources - NIBS'22

Friday, 7 October 2022

Oral session 12 - Teaching Room 3rd floor (10:50 - 13:20)

time	[id] title	presenter
10:50	[20] Simple beam energy recovery as alternative to Residual Ion dump in Neutral Ion Beam Injections	VARIALE, Vincenzo
11:20	[40] Utilization of Compact ECR plasma source for large area H- ion production	SHARMA, Shweta
11:50	[41] Experimental Characterization and Theoretical Studies of ECR Produced Hydrogen Plasma Ion Beams	Ms SINGH, Priti NARAYANAN, RAMESH
12:20	[2] Photo-assisted Cl-, Br- and I- production in cesium sputter ion source	Mr HOSSAIN, Akbar
