

Welcome to

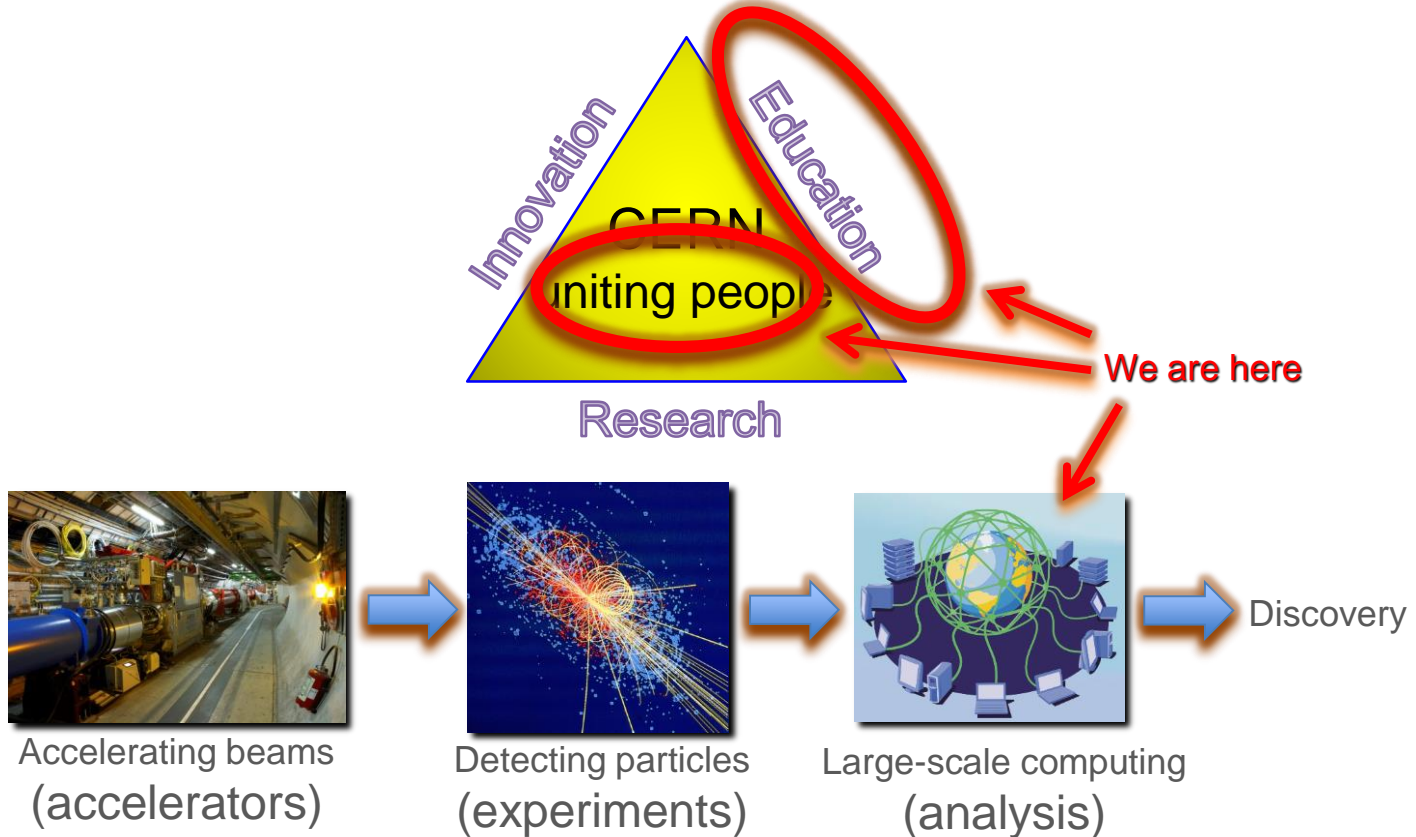

Thematic CERN School of Computing 2022

<http://indico.cern.ch/e/tCSC-2022>

Sebastian Lopienski
CERN School of Computing director

Introduction to CERN School of Computing

CERN's mission

A school with a long history

- The school was created in **1970**
 - 43rd edition in 2021
- **3000** students of ~80 different nationalities have followed the school
 - usually 80-100 per year
 - alumni web site: <https://cern.ch/CSC/history/alumni/>
- The school has visited 22 countries
 - <https://cern.ch/CSC/history/past-schools/>
 - recent: Romania, Croatia, Israel, Spain, Belgium, Greece, Portugal, Cyprus

Bridging science and computing

- Technological evolution in computing empowers science
 - especially in data-intensive domains such as High Energy Physics
 - **computing is the main strategy** for many scientific fields to do research efficiently on a large scale
- It is nowadays essential that:
 - **scientists master computing technologies** as a main tool for their research
 - **computer engineers understand the scientific needs** in order to deliver computing services to research projects

Academic dimension

CERN School of Computing...

- is **not a conference**
 - lecturers do not present their work or promote their projects
- is **not a training session**
 - not a replication of training courses available at home institutes or online
 - focus on persistent knowledge, less on know-how

Three CERN Schools of Computing

tCSC 2022

Thematic School 10th edition, will take place at Cargèse, Corse-du-Sud (FR), from 1 to 7 May 2022 – Applications are now closed

tCSC security 2022

Thematic School on Security, will take place in Split, Croatia (HR), from 19 to 25 June 2022 – Applications are now closed

CSC 2022

Main School 2022 43rd edition will take place in Krakow (PL), from 4 to 17 September 2022 – Apply!

Thematic CSC 2022

Academic programme

<https://indico.cern.ch/event/1100351/program>

Theme: “*Scientific Software for Heterogeneous Architectures*”

- **Introduction lecture**
“*Preparing for the HL-LHC computational challenge*”
by **Danilo Piparo** (CERN)
- **Track 1: Technologies and Platforms**
by **Andrzej Nowak**
- **Track 2: Parallel and Optimised Scientific Software**
by **Sebastien Ponce** (CERN)
- **Track 3: Programming for Heterogeneous Architectures**
by **Dorothea vom Bruch** (CPPM/CNRS)
and **Daniel Campora** (University of Maastricht)

COVID-19 measures

<https://indico.cern.ch/event/1100351/page/23761-covid-19-measures>

Respect physical distancing

Wear a mask

- **exercise rooms:** during direct discussions with other
- **food area:** while queueing, and getting food and drinks
- **in buses, taxis or other shared transport**

Disinfect your hands

- **food area:** before getting the food
- **wash your hands often**

tCSC 2022 Live!

The 10th **Thematic** CERN School of Computing (tCSC 2022) will take place on **May 1-7, 2022**. The theme of the school is *"Scientific Software for Heterogeneous Architectures"* - see the [academic programme](#) for more details.

This School is organized by [CERN](#). **Assuming a positive evolution of the pandemic, the school will take place in Cargèse, France**, and be hosted at the [Institut d'Études Scientifiques de Cargèse](#) (IESC). The Institute is located on the west coast of the French island of Corsica, 50 km north of Ajaccio city and its international airport. (However, if the pandemic situation doesn't allow traveling or physical presence, the school will be moved to online format.)

Please read the **School guide**

<https://indico.cern.ch/event/1100351/page/23760-school-guide>

Check the **CSC Live** page regularly

tCSC 2022 Live!

Welcome Thematic CSC 2022 to IESC!

Sunday, May 1st

Dear all **welcome to the Thematic CSC 2022**, focused on the topic of

"Scientific Software for Heterogeneous Architectures"

This year we have **38 participants** of **17 different nationalities**:

Albania, Austria, Brazil, France, Germany, Greece, Hungary, India, Iran, Italy, Poland, Russia, Slovakia, South Korea, Spain, Ukraine, United Kingdom

... **representing 28 different institutes**:

CERN, DESY, EPFL, ETHZ, UFRJ, Goethe University, Humboldt University, INFN, University of Bologna, KIT, LPNHE-CNRS, NISER, Niels Bohr Institute, NIKHEF, Sapienza University, Scuola Normale Superiore, Seoul National University, Tata Institute, Universite Libre de Bruxelles, University of Edinburgh, University of Ferrara, University of Kansas, University of Manchester, University of Padua, University of Sofia, University of Turin, University of Warsaw, University of Wisconsin Madison

School booklet

- **Printed version** for those who asked for it
- **Electronic version** (PDF) Linked from [school main page](#) on Indico (at the bottom)
- Contains **pictures and short biographies of all participants**

We recommend you to join the group

CSC Rule #1

Participate

- Attendance at all lectures and exercises is mandatory
- You should attend all meals and coffee breaks
- Taking part in social and sports events is **optional**
 - You must let us know whether you participate or not

CSC Rule #2

Be on time

Check what the schedule says:

- “*Lecture starts at 9:00*” => You must be in the room before 9:00
- “*The bus leaves at 18:00*” => It will leave at 18:00

If you're late, we won't wait

CSC Rule #3

Wear your badge
