

# Amplitudes 2022

August 8–12, 2022  
Prague, Czech Republic

FACULTY  
OF MATHEMATICS  
AND PHYSICS  
Charles University

Amplitudes 2022, the 14<sup>th</sup> in a series of annual meetings, brings together a community of researchers in this fast-growing field of theoretical physics, interested in both formal and practical aspects of scattering amplitudes, and wide range of applications from pure mathematics to collider and gravitational wave physics.

## Sponsors

This conference receives funding from the European Research Council (ERC) under the European Union's Horizon 2020 research and innovation programme (Novel structures in scattering amplitudes, grant agreement No 725110). We also acknowledge the support of Charles University, the Czech Science Foundation, the Czech Academy of Sciences and Masaryk University.

MUNI

Amplitudes Summer School will take place  
the week prior to the conference
