

VACCINATION CAMPAIGN IN ZAMBIA

Moses Kamwela (BSc. Physics, BPharm, MSc. Pharmacology)

Faculty of Pharmacy, Lusaka Apex Medical University

SUMMARY

- Zambia plan to vaccinate 70% of the eligible 8.4 million people.
 - The country had COVID-19 vaccination relaunch on Oct 7, 2021.
 - Zambia has so far received 974, 000 doses of Johnson and Johnson (J&J) vaccines from US.
 - China also donated 100, 000 doses of Sinopharm vaccines.
 - Currently, vaccines being administered are AstraZeneca, J&J and Sinopharm vaccines.
-
