

Physics in LHC and Beyond

Thursday 12 May 2022

Session 1: Dark Matter (13:10 - 15:20)

-Conveners: Junichi Tanaka

time	[id] title	presenter
13:10	[48] Addressing theory uncertainties in direct dark matter searches	IBARRA, Alejandro
13:40	[47] Electroweakly interacting spin-1 dark matter and its phenomenology	FUJIWARA, Motoko
14:00	[49] The comprehensive search for CP violating Higgs portal WIMP	KATAYOSE, Taisuke
14:20	[50] Dark matter direct detection: status, results and future plans	KAZAMA, Shingo
14:50	[51] Indirect DM searches: Experiments, status, and future plans	HÜTTEN, Moritz
