Prof. Jin Hee Yoon

14:20-14:50 **Activity at Inha University**

Speaker

MinJung Kweon

14:50-15:10 **Xic0 production in p+Pb collisions at 5.02 TeV**

Speaker

Jeongsu Bok

15:10-15:30

Measurement of electrons from beauty-hadron decays in pp collisions at 13 TeV

Speaker

Jonghan Park

15:30-15:45 **Xic0,+ production with ALICE and Xicc++ production with ALICE 3**

Speaker

Jinjoo Seo

15:45-16:00 **Plan of the multiplicity dependent Xic+ analysis**

Speaker

Jaeyoon Cho

16:00-16:15

The study on the medium parton distribution from momentum kick model in Heavy-Ion Collisions

Speaker

Soyeon Cho

16:15
