## Highlights from the PHENIX experiment at RHIC

*Wednesday 26 October 2022 18:10 (20 minutes)*

The talk will discuss recent measurements, in particular highlights about small and large collision systems, in terms of collectivity, direct photons, jets, strangeness and heavy flavor.

**Primary authors:** CSANAD, Mate (Eotvos University, Budapest); COLLABORATION, PHENIX

**Presenter:** CSANAD, Mate (Eotvos University, Budapest)

**Session Classification:** P5 Heavy Ion Collisions and QCD Phases

**Track Classification:** P5 Heavy Ion Collisions and QCD Phases
