Highlights from the PHENIX experiment at RHIC

Wednesday, 26 October 2022 18:10 (20 minutes)

The talk will discuss recent measurements, in particular highlights about small and large collision systems, in terms of collectivity, direct photons, jets, strangeness and heavy flavor.

Primary authors: CSANAD, Mate (Eotvos University, Budapest); COLLABORATION, PHENIX

Presenter: CSANAD, Mate (Eotvos University, Budapest)

Session Classification: P5 Heavy Ion Collisions and QCD Phases

Track Classification: P5 Heavy Ion Collisions and QCD Phases
