

Session Program

7-10 Feb 2022

2022 Chung-Ang University Beyond the Standard Model Workshop

Flavor

Thursday 10 February

11:20

12:20

Flavor

Session | **Location:** Department of Physics, Chung-Ang University, Seoul, Republic of Korea.

11:20-11:50 The effects of magnetic fields on magnetic dipole moments

Speaker

Deog Ki Hong

11:50-12:20 Is active sub-eV neutrino, "Dirac or Majorana"?, that is the question !

Speaker

Choong Sun Kim
