

The 10th Annual
Large Hadron Collider Physics Conference
May 16-21, 2022

Dave Charlton (*Birmingham*)
Shahram Rahatlou (*Rome La Sapienza & INFN*)

Closing Remarks

We have enjoyed a fantastic set of talks and posters

New and intriguing results from LHC Run-2, with much more in store from Run-3 and beyond

Outstanding theory talks, motivating, providing predictions for, and helping interpret, analyses

Lots of interesting and productive discussions

Huge thanks to you all:

Speakers

Poster presenters

Participants

You can still be added to the “conference photo”: please upload your photo to the cernbox drop area, as circulated by email to all participants!

Proceedings

To be published in

Submission deadline: 19 September 2022

Contributions should not exceed 6 pages for plenary talks, 3 pages for parallel talks and posters (excluding first page and references)

Submission information will be emailed to all the speakers and poster presenters

For the broad and deep scientific programme, many thanks to the Programme Committee
