

10th Edition of the Large Hadron Collider Physics Conference

Monday, 16 May 2022

Joint Session 2: Heavy Ions & QCD (15:15 - 16:45)

-Conveners: Nima Zardoshti; Jasmine Therese Brewer

time	[id] title	presenter
15:15	[681] Jet substructure in heavy ions (theory)	ONTOSO, Alba
15:33	[682] Jet substructure in heavy ions (experiment)	RYBAR, Martin
15:51	[683] Pileup mitigation and grooming (theory)	ALIPOUR-FARD, Samuel
16:09	[684] Modification of hadronization in heavy ions (Heavy and light flavour, cross experiments with emphases on large systems)	PRINO, Francesco
16:27	[685] Ultra-peripheral collisions (experiment)	DYNDAL, Mateusz
