## 3D sensors

**Session** | **Location:** CERN, 503/1-001 - Council Chamber | **Convener:** Richard Bates

16:00–16:20 **Status of 3D detector productions at CNM**

**Speaker**

Dr Giulio Pellegrini

16:20–16:40 **3D Detector status at FBK**

**Speakers**

Elisa Vianello, Gabriele Giacomini

16:40–17:00

**3D-FBK pixel sensors: overview of recent results with proton and neutron irradiated sensors**

**Speaker**

Mr Andrea Micelli

17:00–17:20

**Comparative Studies of Irradiated 3D Silicon Strip Detectors on p-type and n-type Substrate**

**Speaker**

Michael Koehler

17:20–17:40 **Test beam analysis on Timepix 3D pixel detector**

**Speaker**

Chris Parks

17:40–18:10 **Discussion on 3D sensors**

**Speakers**

Dr Chris Parkes, Richard Bates

18:10
