Welcome and Workshop Goals

Distributed Databases Operations Workshop

Luca Canali, IT-DB

November 16th, 2010

- Welcome to the distributed database workshop 2010!
- Special welcome to those travelling from outside CERN
 - In particular we have 3 guests from outside HEP

- Sharing information
- Get input from experiments on their needs and strategy
- Review activities and status at Tier0 and Tier1s
- See where we are with the services and where we want to go
 - Discussion on future of replication
- Announcements of important changes coming

- Agenda:
<http://indico.cern.ch/conferenceOtherViews.py?view=standard&confId=111194>
- Discussions distributed over 2 days
- First day, 16-11
 - Several topics of interest for experiments and development
 - Among others reports from Atlas and CMS on their strategies and recent activities
 - Reports from CERN DB group and change announcements
- Second day, 17-11
 - Mostly topics on DBA activities
 - Reports from Tier1s
 - Among others discussions on future of replication
 - Note: in room 513-1-24

- Social event
 - Conference dinner 16-11 at 19:30 in Crozet
 - Restaurant: Bois Joly
 - Meet at 19:00 at CERN if interested in car pooling
