

# 31st International Symposium on Lepton Photon Interactions at High Energies

Contribution ID: 10

Type: **Talk**

## Theory behind making Electric Dipole measurements

*Monday 17 July 2023 13:30 (30 minutes)*

An overview of the search for permanent electric dipole moments in atoms and molecules will be given, with a particular focus on the theory that connects the measurements in atoms and molecules to fundamental CP-violating parameters.
