

31st International Symposium on Lepton Photon Interactions at High Energies

Contribution ID: 229

Type: **Talk**

Semileptonic b -hadron decays

Friday, 21 July 2023 12:00 (30 minutes)

This talk will cover the most recent results of semileptonic b -hadron decays from the Belle II and LHCb experiments and their implications to potential new physics beyond the standard model.
