

Numerical Challenges in Lattice QCD 2022

Monday, 15 August 2022

Stochastic Trace Estimation (14:30 - 15:50)

-Conveners: Stefan Schaefer

| time | [id] title | presenter |
|-------|---|------------------|
| 15:10 | [26] Interpolation as a means of shift selection in multilevel Monte Carlo with lattice displacements | Dr WHYTE, Travis |

Stochastic Trace Estimation (16:50 - 17:30)

-Conveners: Stefan Schaefer

| time | [id] title | presenter |
|-------|--|---------------|
| 16:50 | [25] Properties of the η and η' mesons | SIMETH, Jakob |

Wednesday, 17 August 2022

Stochastic Trace Estimation (10:40 - 12:00)

-Conveners: Mike Peardon

| time | [id] title | presenter |
|-------|---|------------------|
| 10:40 | [44] Nucleon axial formfactors from lattice QCD | BALI, Gunnar |
| 11:20 | [30] Fermion loops at the physical point | KOUTSOU, Giannis |
