

Annual Meeting of the Swiss Physical Society 2022

Tuesday, 28 June 2022

Physics at work in Industry - Room E 140 (14:00 - 16:30)

time	[id] title	presenter
14:00	[233] □51□Introduction	Dr STÖFERLE, Thilo
14:15	[111] □52□Solving complex problems as job profile	Dr CASADEI, Diego
14:35	[234] □53□Commercializing enabling R&D tools for emerging display and photovoltaics technologies	Dr RUHSTALLER, Beat
14:55	[235] □54□Reliability in SiC: from chip to module level reliability issues and the impact for the industrial application	Dr MENGOTTI, Elena
15:15	[141] □55□Intellectual property rights & career opportunities as a patent attorney	Dr MÜLLER, Torben
15:35	[117] □56□Physics in Nano- and Microfabrication	HOLZNER, Felix
15:55	[150] □57□From Physics to Management Buy In	VANCURA, Tobias

Physics at work in Industry - Room E 140 (17:00 - 19:00)

time	[id] title	presenter
17:00	[202] □58□Water, Steam, and Financial Markets	SCHMIDHUBER, Christof
17:20	[236] □59□From electron tubes to AI – a physicist's life in the vacuum instrumentation industry	ANDREAUS, Bernhard
17:40	[207] □60□Niobium thin films in superconducting multilayer flex harnesses	D'HOLLOSY, Samuel
18:00	[80] □61□Physics in the life-science industry - the value of collaboration with academia	FATTINGER, Christof
18:20	[146] □62□A physics journey through finance into quantum computing	EGGER, Daniel
