Physics contributes to all SDGs

e.g. CERN de facto contributes to 5 SDGs

Article in CERN Bulletin 12th April 2017

“CERN’s contribution to SDGs was a positive surprise for many participants, as the CERN impact on society and tackling global challenges like SDGs are **still not widely known to the public.**“

How about scientific community?
Did you know?

Challenge is to increase the awareness
that BS contributes to SD

- Public
- UN & Decision makers
- Schools & Youth
- Scientific community
