

Frontiers in Nuclear Structure Theory

Wednesday 25 May 2022

session Wednesday afternoon (13:30 - 15:30)

| time | [id] title | presenter |
|-------|--|---------------------|
| 13:30 | [8] Some open questions in neutrino physics (zoom) | CIVITARESE, Osvaldo |
| 14:05 | [9] Light-front three-body model of the proton and loffe-time imaging (zoom) | YDREFORS, Emanuel |
| 14:40 | [27] Shell model studies in nuclear beta decay (zoom) | KUMAR, Anil |
| 15:00 | [28] Algebraic description of the finite-N triaxial rotor mode | ZHANG, Yu |
