GSI intends to continue the HEPTrepreneurs event series as the main organiser and host. The HEPTRepreneurs event series focusses of High Energy Physics Entrepreneurship and covers various themes. The inspirational and interactive talks, round tables and keynotes are made for all those interested in entrepreneurship, but also for young people who want to know more about alternative careers to research and for technology transfer officers looking for people to inspire.

GSI will take the lead in th event organisation, but will continue to cooperate with HEPTech and the network to run the events. GSI plans to hold the event 4 times a year and will also cover any speaker costs that may arise. Participation in the events will continue to be free of charge for all HEPTech members and partners.

In return GSI requests to reduce its contribution by half, from 3 kEUR to 1.5 kEUR.
