

# Welcome to HEPiX Spring 2022

Peter van der Reest, Tony Wong  
co-chairs

2022-04-25

# Program

- All regular tracks are present
- Workshop will be running from Monday through Thursday
  - Full program available online – [www.hepix.org](http://www.hepix.org) will always point you to the current event
  - Please check for updates in the timetable (force-reload browser!)
- Morning sessions primarily aimed at Asia & Europe
  - 09:00h – 12:00h CEST
- Evening sessions primarily aimed at North America and Europe
  - 16:00h – 19:00h CEST
- All sessions will be recorded and made available online

# An online meeting...

- Reminder about video conference etiquette...
  - Please mute your microphones during presentations
  - Please have your video stream disabled unless you are the speaker or the session chair
  - During Q&A, please activate your camera and microphone when asking a question
  - Please use the Zoom “hand” symbol to make a request for questions
  - The session chair will call on you to pose your question
  - For general comments, do **not** use the Zoom chat
    - Use it only for un-expected issues such as poor audio, no slides visible, etc

# Comments and Discussions

- Of course, HEPiX thrives on offline discussions and brief ‘coffee break’ exchanges
- These are -unfortunately- not possible this week; at least not in person
- Use the HedgeDoc shared document ([https://notes.desy.de/ou\\_F-tY6SDKkaE8kUoi6gA](https://notes.desy.de/ou_F-tY6SDKkaE8kUoi6gA)) for questions and comments to presenters.
  - HedgeDoc at DESY is accessible via federated authentication.
  - If you cannot access it, please ask your questions during the Zoom session or send email to [hepixon-conference-org@hepixon.org](mailto:hepixon-conference-org@hepixon.org), and the organizers will post your questions on the HedgeDoc shared document
- Feel free to ask background questions to speakers, or initiate offline discussions with people sharing an interest

# Group Photo

- Sebastian Lopienski offered to host a group photo event again
- Idea: all interested participants turn on their video stream
- Sebastian does a screen grab of all
- Then runs some clever scripts and produces a photo poster for all
- Photo sessions before the breaks on Tuesday morning and afternoon
- If you would like to participate, please turn on your video. If not, please leave it off
- If you have participated in the morning photo session, you do not need to be present for the afternoon session

# Finally

## Have a productive HEPiX workshop

Share your thoughts and feedback with us,  
either in the HedgeDoc shared document or  
via Email at [hepixonline@hepixonline.org](mailto:hepixonline@hepixonline.org)
