

2nd Baltic School of High-Energy Physics and Accelerator Technologies 2022

Monday, 8 August 2022 - Friday, 12 August 2022

Scientific Programme

Topics covered in the summer school
Quantum Field Theory

Standard Model and Beyond

Physics at Colliders

Early Cosmology

Dark Matter

Gravitational Waves and New Physics

Accelerator Technologies

Accelerator Applications
Lecturers

Prof. Dr. Jonathan Ellis
Prof. Dr. Yuri Dokshitzer
Prof. Dr. Flyura Djurabekova
Prof. Dr. Leonid Rivkin
Dr. Maurizio Vretenar
Dr. Walter Wuensch
Dr. Andi Hektor
