

**Session Program**

**24-27 May 2022**

**The Mitchell Conference on Collider, Dark  
Matter, and Neutrino Physics 2022**

***Cosmology, Dark Matter***

# Tuesday 24 May

10:50

## Cosmology, Dark Matter

Session | Convener: Keith Dienes

10:50-11:13 **Backgrounds in the  $\nu$ BDX-DRIFT Experiment at Fermilab**

**Speaker**

Daniel Snowden-Ifft

11:13-11:36

**Early Matter Domination from Long-Lived Particles in the Visible Sector**

**Speaker**

Rouzbeh Allahverdi

11:36-11:59

**Stasis in an Expanding Universe: A Recipe for Stable Mixed-Component Cosmological Eras**

**Speaker**

Fei Huang

12:22
