

Session Program

2-5 May 2022

Rencontres QGP France 2022

mardi matin

Tuesday 3 May

09:00

mardi matin

Session

09:00–09:30

quarkonium physics with ALICE at the LHC

Speaker

Maxime Guilbaud

09:30–10:00

charm physics with LHCb Fixed-Target

Speaker

Elisabeth Maria Niel

10:00–10:30

charm production in PbPb collisions with LHCb

Speaker

Samuel Belin

10:30–11:00

pause café

11:00–11:30

Transport coefficients of the quasi-particle QGP

Speaker

Marcus Bluhm

11:30–12:00

Universal modification of hadrons from radiative energy loss in diverse AA collisions

Speaker

Guillaume Falmagne

12:00
