

Searching for long-lived particles at the LHC and beyond: Eleventh workshop of the LLP Community

Thursday 2 June 2022

Future LLP searches (16:30 - 17:30)

-Conveners: Karri Folan Di Petrillo; José Francisco Zurita

time	[id] title	presenter
16:30	[82] Long-lived particles in t-channel mediator dark matter models	HEISIG, Jan
16:45	[83] Searching for inelastic dark matter with future LHC experiments	SCAFFIDI, Andre SCAFFIDI, Andre
17:00	[84] Standalone Search for Quirk Pair Production	SURI JR, Nathan
17:15	[85] Discovery prospects for detecting multiply charged LLPs at the Run 3 and HL-LHC	SAKURAI, Kazuki MASELEK, Rafal MASELEK, Rafal MASELEK, Rafal
