## **Lunar Communications with the ANU Optical Ground Station**

*Tuesday 13 December 2022 11:45 (15 minutes)*

We report on development of a transmitter and receiver for lunar optical communications. The instruments will be installed on the ANU Optical Communications Ground Station (OCGS) at Mt Stromlo Observatory in Canberra, Australia.

**Primary author:** COPELAND, Michael (Australian National University)

**Co-authors:** Dr BENNET, Francis (Australian National University); Mr BIRCH, Marcus (Australian National University); Dr FERGUSON, Kate (Australian National University); Dr GROSSE, Doris (Australian National University); Dr MARTINEZ REY, Noelia (Australian National University); Dr TRAVOUILLO, Tony (Australian National University)

**Presenter:** COPELAND, Michael (Australian National University)

**Session Classification:** Australian and New Zealand Conference on Optics and Photonics

**Track Classification:** ANZCOP: ANZCOP: Fibre & communications
