Dielectric-plasmonic waveguide couplers: an explorer's map

Wednesday 14 December 2022 14:45 (15 minutes)

We present a comprehensive and accessible “explorer’s map” showing maximum coupling efficiencies and coupling lengths for dielectric-plasmonic directional couplers as a function of coupling strength and loss. This map is useful for designing any photonic integrated circuit containing plasmonic waveguides.

Author: TUNIZ, Alessandro (The University of Sydney)

Co-authors: DELLA VALLE, Giuseppe; GARATTONI, Sabrina

Presenter: TUNIZ, Alessandro (The University of Sydney)

Session Classification: Australian and New Zealand Conference on Optics and Photonics

Track Classification: ANZCOP: ANZCOP: Nanophotonics, metaoptics and plasmonics
