

Contribution ID: 514

Type: **Invited talk**

Engineering the Two-Dimensional Hole Gas on Diamond by Surface Transfer Doping for Future Carbon Electronics

Wednesday 14 December 2022 16:00 (30 minutes)

See the attachment.

Author: QI, Dongchen

Presenter: QI, Dongchen

Session Classification: AIP: Condensed Matter, Materials and Surface Physics

Track Classification: AIP Congress: AIP: Condensed Matter, Materials and Surface Physics
