

Contribution ID: 932

Type: **Talk (preferred)**

## **Metamorphic growth for 1550 nm quantum dots by molecular-beam epitaxy.**

*Wednesday 14 December 2022 17:15 (15 minutes)*

**Primary author:** Dr JABEEN, Fauzia (University of Würzburg)

**Presenter:** Dr JABEEN, Fauzia (University of Würzburg)

**Session Classification:** Conference on Optoelectronic and Microelectronic Materials and Devices

**Track Classification:** COMMAD: COMMAD: Nano/micro-fabrication and processing
