

Introductory Tutorials on LHCb Software

Report of Contributions

Contribution ID: 0

Type: **not specified**

Overview of LHCb applications and software environment

Friday 3 December 2010 09:00 (30 minutes)

Presenter: CATTANEO, Marco (CERN)

Session Classification: Introduction to LHCb software

Contribution ID: 1

Type: **not specified**

Hands on

Friday 3 December 2010 09:30 (40 minutes)

Session Classification: Introduction to LHCb software

Contribution ID: 2

Type: **not specified**

Introduction to Gaudi 1

Friday 3 December 2010 10:40 (40 minutes)

Presenter: CATTANEO, Marco (CERN)

Session Classification: Introduction to LHCb software

Contribution ID: 3

Type: **not specified**

Introduction to Gaudi 2

Friday 3 December 2010 11:20 (20 minutes)

Presenter: CATTANEO, Marco (CERN)

Session Classification: Introduction to LHCb software

Contribution ID: 4

Type: **not specified**

Hands On

Friday 3 December 2010 11:40 (1 hour)

Session Classification: Introduction to LHCb software

Contribution ID: 5

Type: **not specified**

Introduction to Ganga

Friday 3 December 2010 13:30 (30 minutes)

Presenter: PATERSON, Stuart (CERN)

Session Classification: Introduction to LHCb distributed analysis

Contribution ID: 6

Type: **not specified**

Introduction to DaVinci

Friday 3 December 2010 14:00 (30 minutes)

Presenter: KOPPENBURG, Patrick (NIKHEF)

Session Classification: Introduction to LHCb distributed analysis

Contribution ID: 7

Type: **not specified**

Hands On

Friday 3 December 2010 14:30 (1 hour)

Session Classification: Introduction to LHCb distributed analysis

Contribution ID: 8

Type: **not specified**

Job and data handling with Ganga

Friday 3 December 2010 15:50 (30 minutes)

Presenter: Dr LAMBERT, Rob (CERN)

Session Classification: Introduction to LHCb distributed analysis

Contribution ID: 9

Type: **not specified**

Hands On

Friday 3 December 2010 16:20 (1 hour)

Session Classification: Introduction to LHCb distributed analysis
