

Blois 2022: 33rd Rencontres de Blois on "Exploring the Dark Universe"

Thursday, May 26, 2022

Parallel Session Thursday-ALPS/FIPS/LLP - Gaston d'Orléans (4:10 PM - 6:10 PM)

-Conveners: Sotiris Loucatos

time	[id] title	presenter
4:10 PM	[348] Primordial black holes from supercooled first-order phase transition	GOUTTENOIRE, Yann
4:30 PM	[336] The scotogenic model with scalar dark matter connected to Long-lived	MATURANA ÁVILA, Ivania
4:50 PM	[337] Impact of self-scattering on dark matter relic density	HRYCZUK, Andrzej
5:10 PM	[338] Light dark matter vis-à-vis non-standard mechanisms and its possible probes	CHAKRABORTI, Sreemanti
