

# 10th anniversary of the Higgs boson discovery

## Monday 4 July 2022

**Morning Session: Celebrating 10 years of Higgs boson physics (Chair J. Mnich) - 500/1-001 - Main Auditorium (09:00 - 12:30)**

time	[id] title	presenter
09:00	[2] Introduction - "I knew we had it"	HEUER, Rolf
09:15	[3] The Large Hadron Collider - a marvel of technology	EVANS, Lyn
09:35	[4] The ATLAS detector - from design to discovery	JENNI, Peter
09:55	[5] The CMS detector - from design to discovery	DELLA NEGRA, Michel
10:15	[6] Brout, Englert and Higgs - memories and reminiscences	RABINOVICI, Eliezer BERHE, Asmeret Asefaw ENGLERT, François GRAHAM, Katherine HIGGS, Peter
10:35	Break	
11:00	[7] The Higgs boson at the LHC - the theory landscape	DAWSON, Sally
11:20	[8] 10 years of Higgs boson measurements at ATLAS and CMS	TACKMANN, Kerstin
11:40	[9] 10 years of Higgs boson measurements at CMS and ATLAS	DAVID, André
12:00	[10] Closing remarks and a look to the future	GIANOTTI, Fabiola
