

# 6th RED LHC workshop

## Tuesday, 10 May 2022

### Dark Matter: talks (10:00 - 11:15)

| time  | [id] title  | presenter               |
|-------|---|-------------------------|
| 10:00 | [10] Semi-dark Higgs decays   | NO REDONDO, Jose Miguel |
| 10:16 | [12] Hunting Squarks in Higgsino LSP scenarios at the LHC               | ARGANDA, Ernesto        |
| 10:32 | [11] When Leptoquarks met Dark Matter                                   | ZURITA, José Francisco  |
| 10:48 | [13] EFT and vector dark matter at the LHC                              | DJOUADI, Abdelhak       |
| 11:04 | [15] Dark Matter vs SUSY phenomenology in models with Grand Unification | GOMEZ, Mario E.         |

### Dark Matter: Round table (11:45 - 12:45)

-Conveners: David Cerdeño

| time  | [id] title                  | presenter  |
|-------|-----------------------------|--|
| 11:45 | [9] Roundtable: dark matter | GARCIA NAVARRO, Jose Enrique<br>SCODELLARO, Luca |
