smarteam

## Site GUCS

- Once by month a meeting with your local correspondent CAD support and GUCS members is scheduled.

Your feedback by this way is very important.

Example :

Lost data after restart of your computer each week end.

Remind

Don't forget to send your problem or request at:

[Catia.support@cern.ch](mailto:Catia.support@cern.ch)

- 73 user request or enhancement
    - Example: Automatic file generation in format PDF stored in smarteam.
    - Some questions
      1. On each check in?
      2. After a preliminary ?
      3. After a control 1 in CDD, or control 1 and control 2 in CDD?
      4. File in format PDF and quality assurance plan?
    - Some Answers
      - OK for the GUCS necessary for all the users.
      - Meeting with PLM WG for the question 1,2 and 3. When?
      - Who can answer at the question 4?
      - Writing a fonctionnal specification to start a developpment by the support.
- } New questions
