

Session Program

7-9 Nov 2022

Physics Beyond Colliders Annual Workshop

Non-accelerator Experiments

CERN, 503/1-001 - Council Chamber

Wednesday 9 November

10:20

Non-accelerator Experiments

Session | Location: CERN, 503/1-001 - Council Chamber | Convener: Sergio Calatroni

10:20-10:40

Technologies available at CERN to support new experiments/ideas (outcome of TECH workshops)

Speaker
Sergio Calatroni

10:50-11:10

AION-100@CERN: conceptual design study status and prospects

Speaker
Jonathan R. Ellis

11:20-11:35

VMB@CERN status and plans

Speaker
Guido Zavattini

11:40-11:55

HTS RF cavities for axion searches & RADES update

Speaker
Jessica Golm

12:00-12:15

Axion searches: Heterodyne Detection

Speaker
Sebastian Ellis

12:20
