

Session Program

4-6 Jul 2022

Workshop on efficient RF sources

Setting the picture

Chateau de Bossey
Chemin Chenevière 2, 1279 Bogis-Bossey, Switzerland

Monday 4 July

14:00

Setting the picture

Session | **Location:** Chateau de Bossey, Chemin Chenevière 2, 1279 Bogis-Bossey, Switzerland

14:00–14:30

CLIC power consumption

Speaker

Alexej Grudiev

14:30–15:00

PSI RF consumption

Speaker

Marco Pedrozzi

15:00–15:30

LHC Status and plans

Speakers

Nuria Catalan Lasheras, Olivier Brunner

15:30

16:00

Setting the picture

Session | **Location:** Chateau de Bossey, Chemin Chenevière 2, 1279 Bogis-Bossey, Switzerland

16:00–16:30

Efficiency, Electrical Grid Power Quality and Pulse Quality of ESS Modulators

Speakers

Carlos De Almeida Martins, Carlos Martins

16:30–17:00

ESS RF power generation

Speaker

chiara marrelli

17:00–17:30

Comparison of ESS modulators with other pulse transformer based modulators

Speaker

Max Collins

17:30
