

## OpenLoops @ 2 loops

*Monday 13 June 2022 15:30 (40 minutes)*

The talk will discuss the status and future prospects for the numerical calculation of two-loop integrands and amplitudes with OpenLoops, focusing on applications to future e+e- colliders.

**Author:** ZOLLER, Max (PSI)

**Presenter:** ZOLLER, Max (PSI)

**Session Classification:** Talks and discussions: multi-loop computational techniques
