

Quarkonium production: Probing QCD at the LHC

Tuesday 19 April 2011

Tuesday afternoon - Prechtl-Saal (14:30 - 18:20)

-Conveners: Michelangelo Mangano

time	[id] title	presenter
14:30	[31] Discussion session	MANGANO, Michelangelo
15:20	[24] Estimating the uncertainty on the J/psi cross section	VOGT, Ramona
15:45	Coffee	
16:10	[33] Testing the QCD fragmentation mechanism on heavy quarkonium production at the LHC	WANG, Jianxiong
16:45	[34] New observables for the study of quarkonium production	LANSBERG, Jean-Philippe
17:20	[32] The χ_{c1}/χ_{c2} production cross section ratio	BARANOV, Sergey
