

Quarkonium production: Probing QCD at the LHC

Thursday, 21 April 2011

Thursday afternoon - Prechtl-Saal (14:00 - 15:40)

-Conveners: Carlos Lourenco

time	[id] title	presenter
14:00	[47] Challenges in quarkonium suppression studies at the LHC	ARNALDI, Roberta
14:30	[48] Achievements and perspectives in quarkonium physics at the LHC	WOEHRI, Hermine K.
15:00	[49] Wrap-up of the theory progress and open questions	VOGT, Ramona
15:30	[52] Closing remarks	LOURENCO, Carlos
