

XXV DAE-BRNS High Energy Physics Symposium 2022

Contribution ID: 795

Type: Minireview Talk

Review of DPS measurements at the LHC

Monday 12 December 2022 15:00 (25 minutes)

A review of DPS measurements from CMS experiment will be presented. A comparison of these results with respect to measurements from other experiments will also be shown.

Session

Heavy Ions and QCD

Primary author: MEHTA, Ankita (University of Hamburg)

Presenter: MEHTA, Ankita (University of Hamburg)

Session Classification: WG10 - Top Quark and EW Physics
