

Session Program

24-28 Oct 2022

IT	SF
20	22

International Technical Safety Forum - ITSF 2022

Continuous Improvement in HSE matters

CERN, 80/1-001 - Globe of Science and Innovation - 1st Floor
CERN, Globe of Science and Innovation

Wednesday 26 October

08:40

Continuous Improvement in HSE matters

Session |

Location: CERN, 80/1-001 - Globe of Science and Innovation - 1st Floor, CERN, Globe of Science and Innovation

08:40-09:00

How learning from near misses help proactive safety intervention

Speakers

Anna Lindberg, Rema Armugam

09:00-09:20

Access Controls at DESY - what has changed in the recent years?

Speaker

Sabine Brinker

09:20-09:40

CERN chemical register for the environment, health and safety

Speaker

Andriy Boychenko

09:40-10:00

(Increased) importance on ventilation of workplaces - the use of innovative solutions

Speaker

Andre Henriques

10:00-10:20

New CERN rule on fire reaction and resistance of cables

Speaker

Oriol Rios

10:20

10:50

Continuous Improvement in HSE matters

Session |

Location: CERN, 80/1-001 - Globe of Science and Innovation - 1st Floor, CERN, Globe of Science and Innovation

10:50-11:10

A new cluster of fire safety rules for CERN

Speaker

Saverio La Mendola

11:10-11:30

Road to implementation of risk-based inspection of pressure equipment at CERN

Speaker

James Matthew Loughlin

11:30-11:50

Fire-induced radiological integrated assessment (FIRIA) of CMS detector

Speaker

Darko Perovic

11:50-12:10

Structural limit states of concrete tunnel linings in fire situation

Speaker

Donatella De silva

12:10-12:30

Modelling and safety assessment of concrete tunnel linings subject to fire

Speaker

Enrico Cardellino

12:30
