Small-x resummation in PDF fits and future prospects

Monday 26 September 2022 15:10 (20 minutes)

I will review recent results on the inclusion of small-x resummation in PDF fits, with emphasis on where we are and where we can/shall go in future, especially in the light of future higher energy colliders and improved theoretical accuracy.

Presenter: BONVINI, Marco (INFN, Rome 1 Unit)

Session Classification: Low x, PDFs and hadronic final states

Track Classification: Low x, PDFs and hadronic final states
