IdeaSquare
The innovation space at CERN
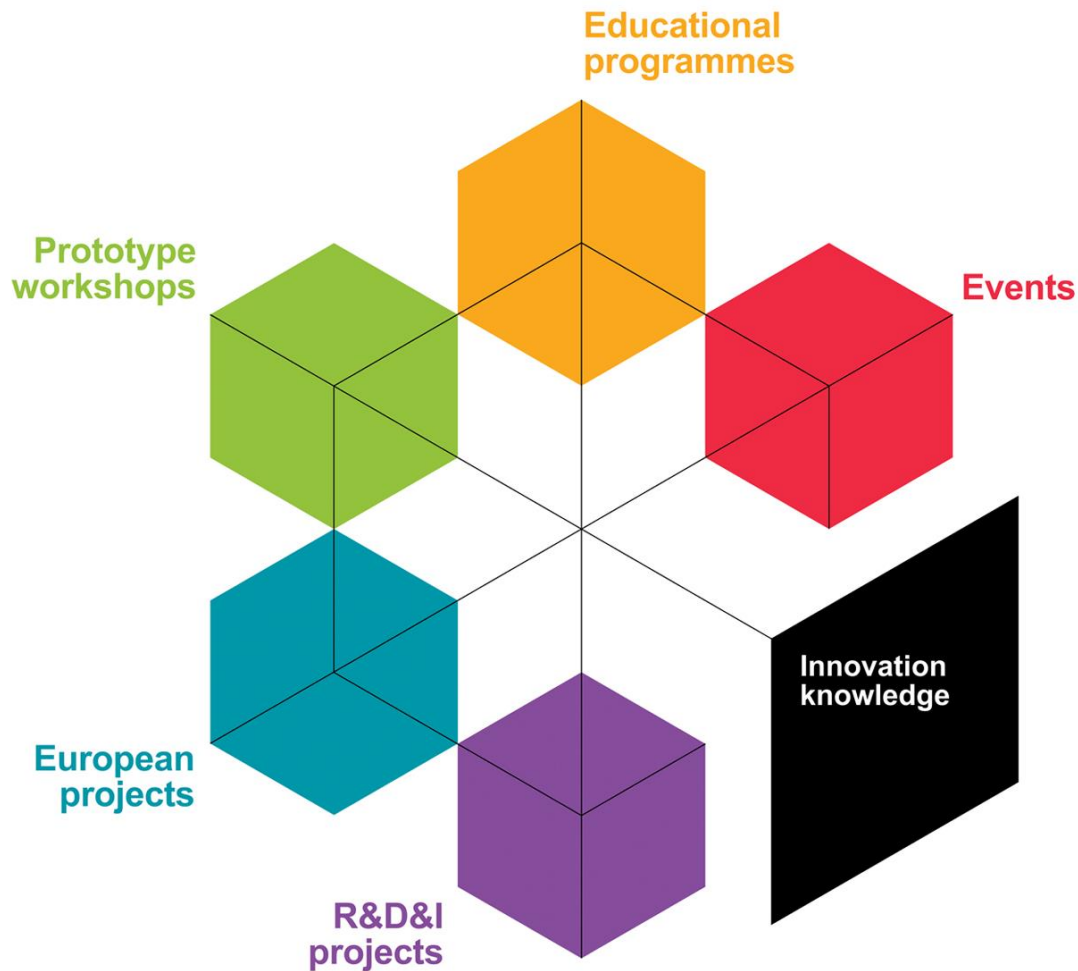

Open Doors

15-16 February
Invitation to all CERN staff and users
Discover what the space has to offer you!
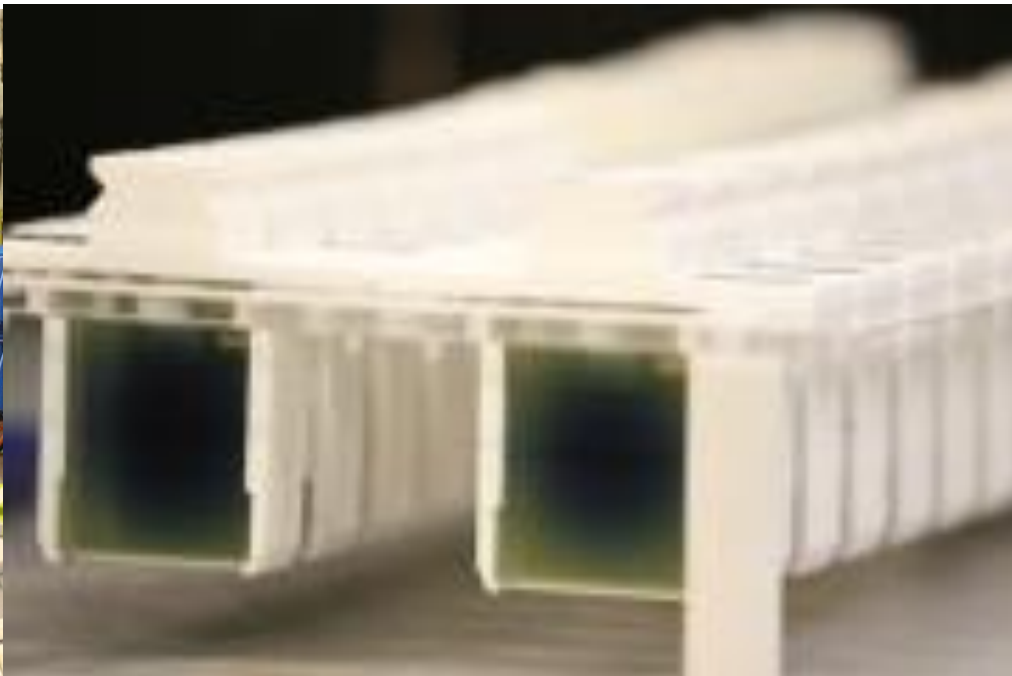

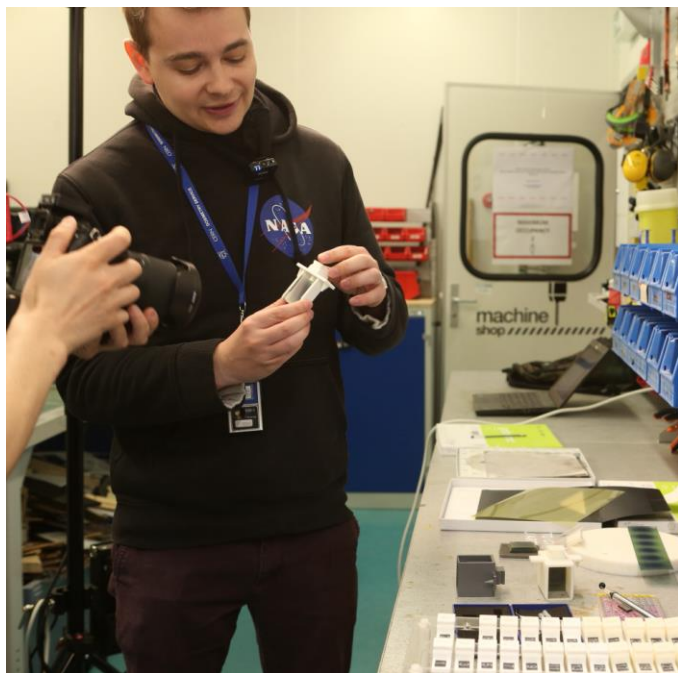

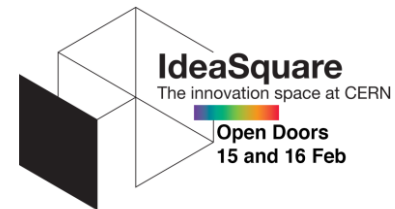

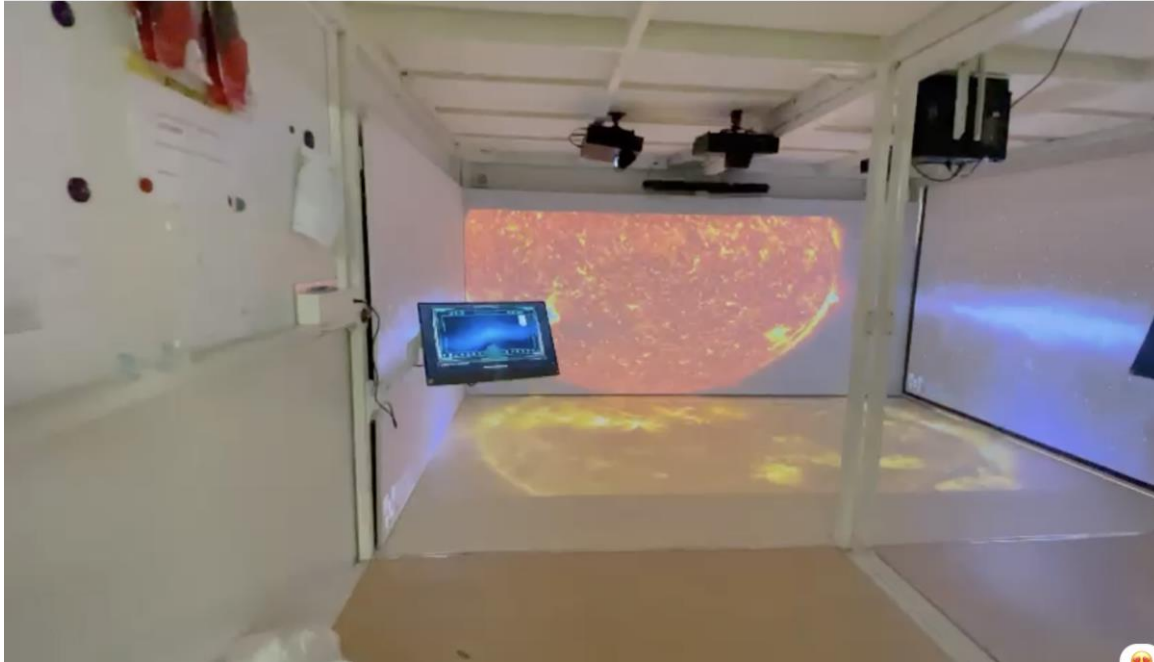

https://indico.cern.ch/event/1148809

Key area of activities

Prototype / Poster Sessions

Holodeck

Movie

GHOST PARTICLE
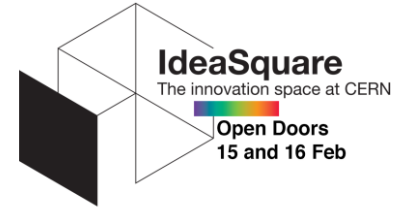

A voyage back in time to understand the universe
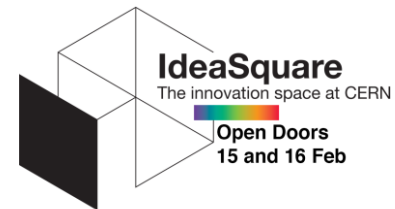

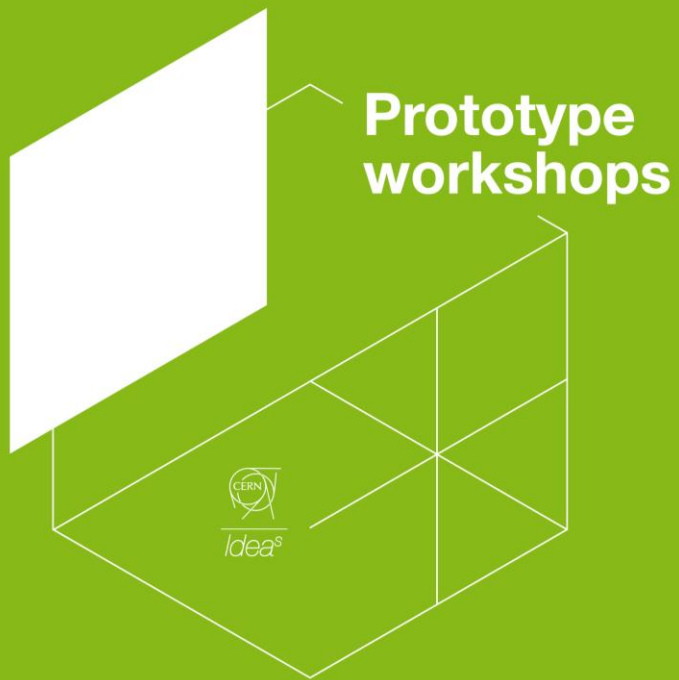

Let's prototype; bring your challenges!

- **Pitching Prototype challenges from the CERN community**
- **Hands-on prototyping session**

Educational programmes

Get inspired by the methodology of our educational programmes.

- **Wicked problems and systemic thinking**
- **Student programmes**

European projects
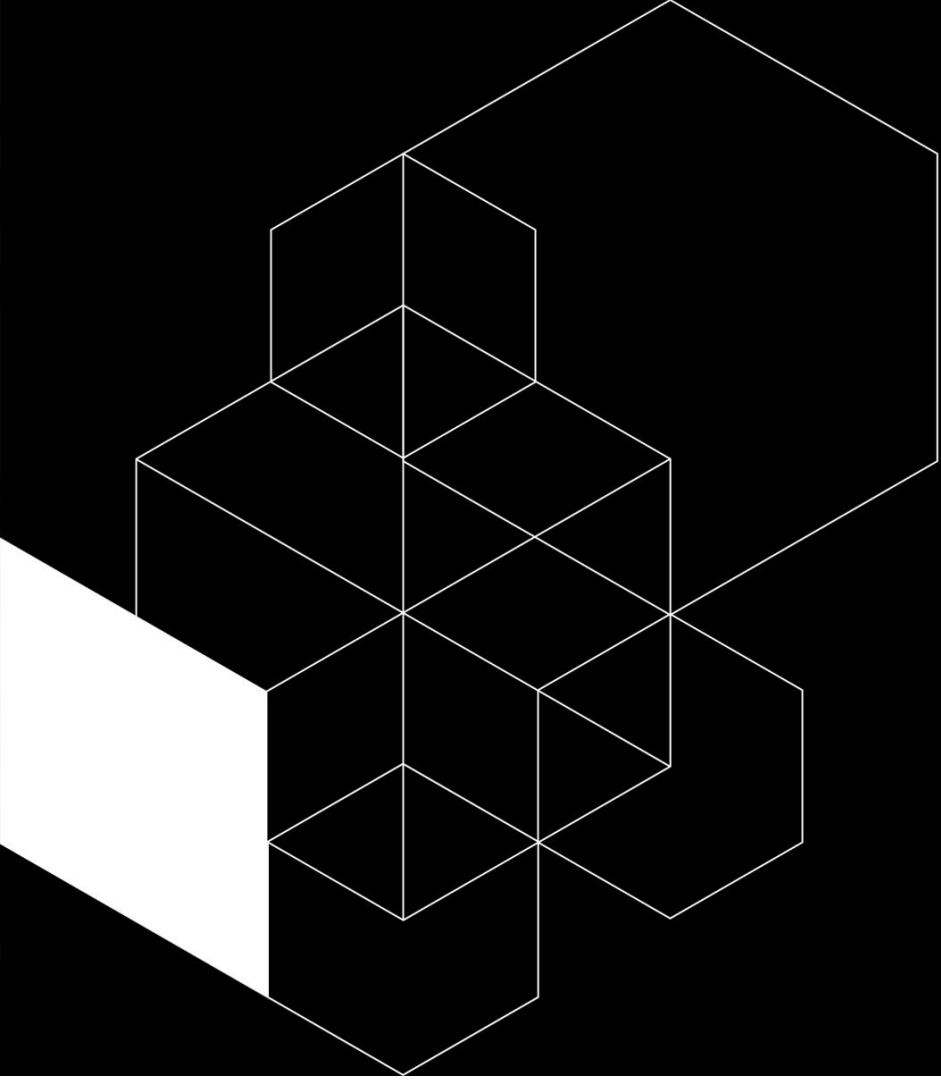

Find out about Green Village, ATTRACT, and Citizen Science initiatives.

- **Green Village**
- **ATTRACT**
- **Crowd4SDG**

Events

Deep dive into Science Gateway and the interactive events.

- **Science Gateway**
- **Hackathons**
- **Events design bar**

Put your ideas in motion through embodiment and the CIJ Journal.
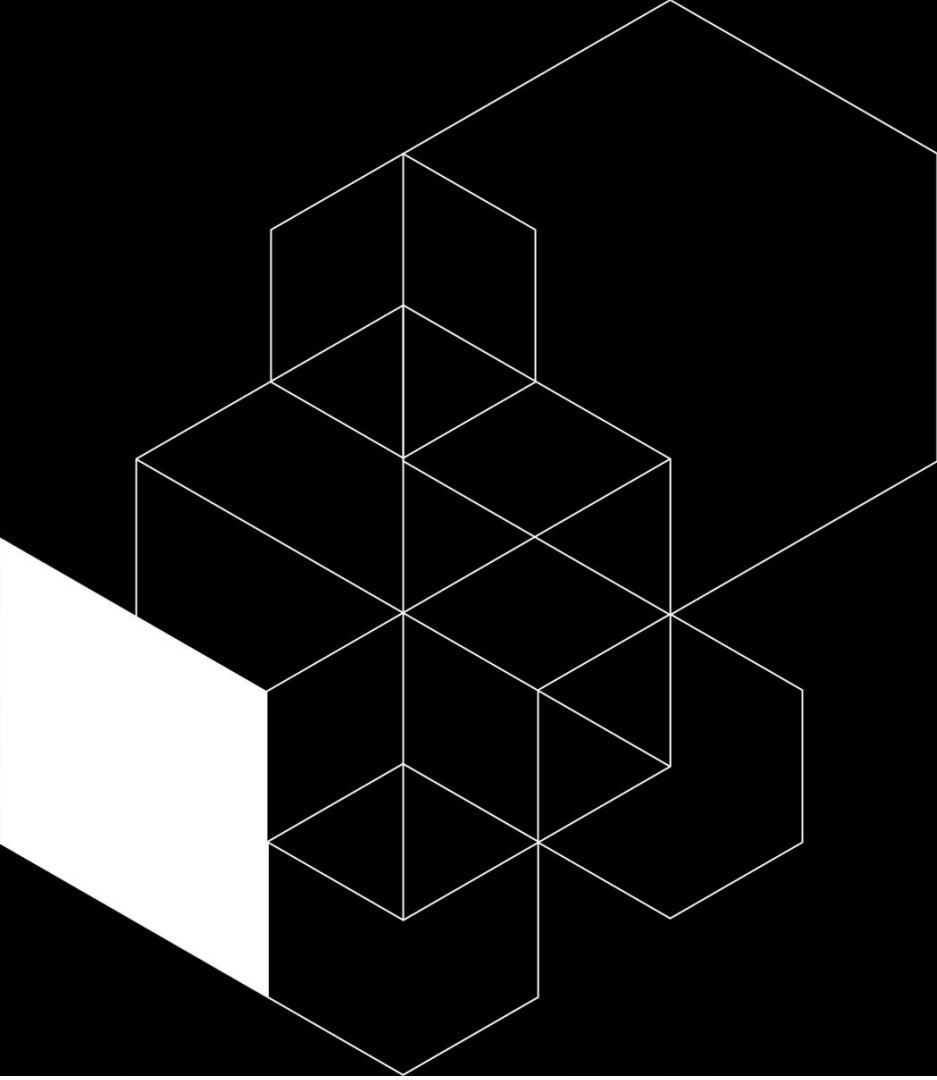

- Embodiment
- CIJ journal

Get real; chat with CEOs and other CERN colleagues about their inventions.

- Deep tech startup program from CERN
- Inventor of Single Frequency Raman Laser. Interesting in creating a startup based on this technology
  CEO and founder of Solidwatts.

R&D&I projects
