

# **LISHEP 2011 - Workshop on LHC - Present and Future**

**Monday, July 4, 2011 - Sunday, July 10, 2011**

## **Topics of this Year**

TOPICS

Electroweak Break - Higgs

Forward Physics and Diffraction

CP-Violation and Rare Decays

Heavy Flavor Physics

New Physics - Beyond Standard Model

Advances in Instrumentation and Computing for HEP

For CMS speakers click here to get CINCO page

**Speaker from any other Experiment please, look for procedures of your Collaboration.**
