Open heavy flavour production at the LHC

Tuesday 29 November 2022 14:20 (15 minutes)

An overview of recent results on open heavy flavour production in small systems at the LHC will be presented. Comparisons with model calculations will be discussed.

Declaration

I certify that I have checked that I am authorised to submit the abstract with the listed co-authors with their current affiliations

Change of Speaker

I understand that change of speaker is allowed provided that no participant gives more than one talk. Otherwise, we will ask the speaker to choose between one or the other abstract to be presented.

Author: ZHU, Jianhui (INFN-Padova)

Presenter: ZHU, Jianhui (INFN-Padova)

Session Classification: Parallel C - WG4: 1

Track Classification: WG4: Heavy-quark and Quarkonium Physics
