

Session Program

25-29 Sept 2006

**Vertex 2006 15th International Workshop on
Vertex Detectors**

Other Applications

Relais San Clemente, Perugia (ITALY)
Perugia (ITALY)

Friday 29 September

09:00

Other Applications

Session | **Location:** Relais San Clemente, Perugia (ITALY), Perugia (ITALY)

09:00–09:30

Silicon pixel detectors for cristallography and imaging of biological samples: first results and perspectives

Speaker

Dr Pasquale Emanuele Scopelliti

09:30–10:00

MEDIPIX collaboration -spectroscopy pixellated quantum imaging devices

Speaker

Stanislav Pospisil

10:00–10:30

Overview of Developments of Silicon Photomultiplier Detectors

Speaker

Dr Dieter Renker

10:30
