Noncommutative geometry: metric and spectral aspects

Wednesday 28 September 2022

28-afternoon (14:30 - 17:30)

time	[id] title	presenter
14:30	[20] Localization and quantum observers in some Lie-algebra type noncommutative spacetimes.	LIZZI, Fedele
15:30	[5] Curvature for modules over spectral triples	MESLAND, Bram
16:30	[6] The Gromov-Hausdorff distance in noncommutative geometry: convergence of quantum compact metric spaces and their modules	LATREMOLIERE, Frederic
