Noncommutative geometry: metric and spectral aspects

Thursday 29 September 2022

29-afternoon (14:30 - 17:30)

time	[id] title	presenter
14:30	[15] Lorentzian spectral zeta functions	WROCHNA, Michał
15:30	[16] Quantum metric structures on q-deformed spaces	KYED, David
16:30	[13] The Gromov-Hausdorff distance in noncommutative geometry: convergence of spectral triples	LATREMOLIERE, Frederic
